

Kelly Walsh sees an influx of up to 8000 people on our campus over the course of the Wyoming State Track Meet which significantly impacts traffic and other systems of a typical school day. KWHS has been allowed to have a remote learning day on Friday, May 23rd which will allow only staff to be on campus and all students to be off campus. Students will use their school laptops and Google Classroom for all of their classes that are regularly scheduled on the KWHS Campus. **This is a required school day, and attendance will be taken for each block.**

Students will receive live instruction via Google Meet from their teachers during the first half of the class and will have work time for the last half of the class. Teachers will remain live in their Google Meet for the entirety of each block to support students as needed.

Pathways Innovation Center (PIC)

- Students who have classes at PIC will attend classes in person on that campus.
- Regular PIC transportation routes will run on schedule that day.
- **Any KWHS student, whether they attend PIC or not, may spend their school day at PIC to have access to the district network for their classes and breakfast and lunch.** They will check in at the office with their school IDs and be supervised in a classroom for the day.

**Remote Learning Day Schedule
State Track - Friday, May 23, 2025**
