Letter from Principal Britt

Dear Trojan Families,

Thanks for your help and support on April 6 with our ACT testing day.

Considering all of the testing requirements and restrictions, we are confident that our schedule gave our students the best opportunity to show what they know. We have looked at how we structured our schedule that day and plan to keep the successful parts and look at ways to be more efficient next year.

We have our last major testing session with our WY-TOPP summative assessments for our freshmen and sophomores occurring on April 20-22. Juniors and seniors will have required supervised study hall in the commons or cafeteria and other activities during testing. The specifics of the schedule for those three days are explained in detail in this newsletter.

If you are a parent of a freshman or sophomore, please discuss the importance of giving their best effort on WY-TOPP. While their results do not directly impact their class grades, we use their results to improve how we provide support and enrichment opportunities for students. When students give their best effort, we can use their results as ONE PIECE of data to support class choices that will help them be better in math or language arts. When they are in the right classes, their ability to learn the content is improved greatly.

So as your students gear up to go to school next week to complete this round of assessments, please encourage them to do their best. It will ultimately improve their sophomore and junior years at Kelly Walsh.

Thank you for allowing us to work with your sons and daughters every day!

Sincerely,
Mike Britt
